1. Figures S1 to S19

Introduction

In this document, we provide 19 supplementary figures that are identical to Figure 1 of the main text, but individual models are highlighted in each.

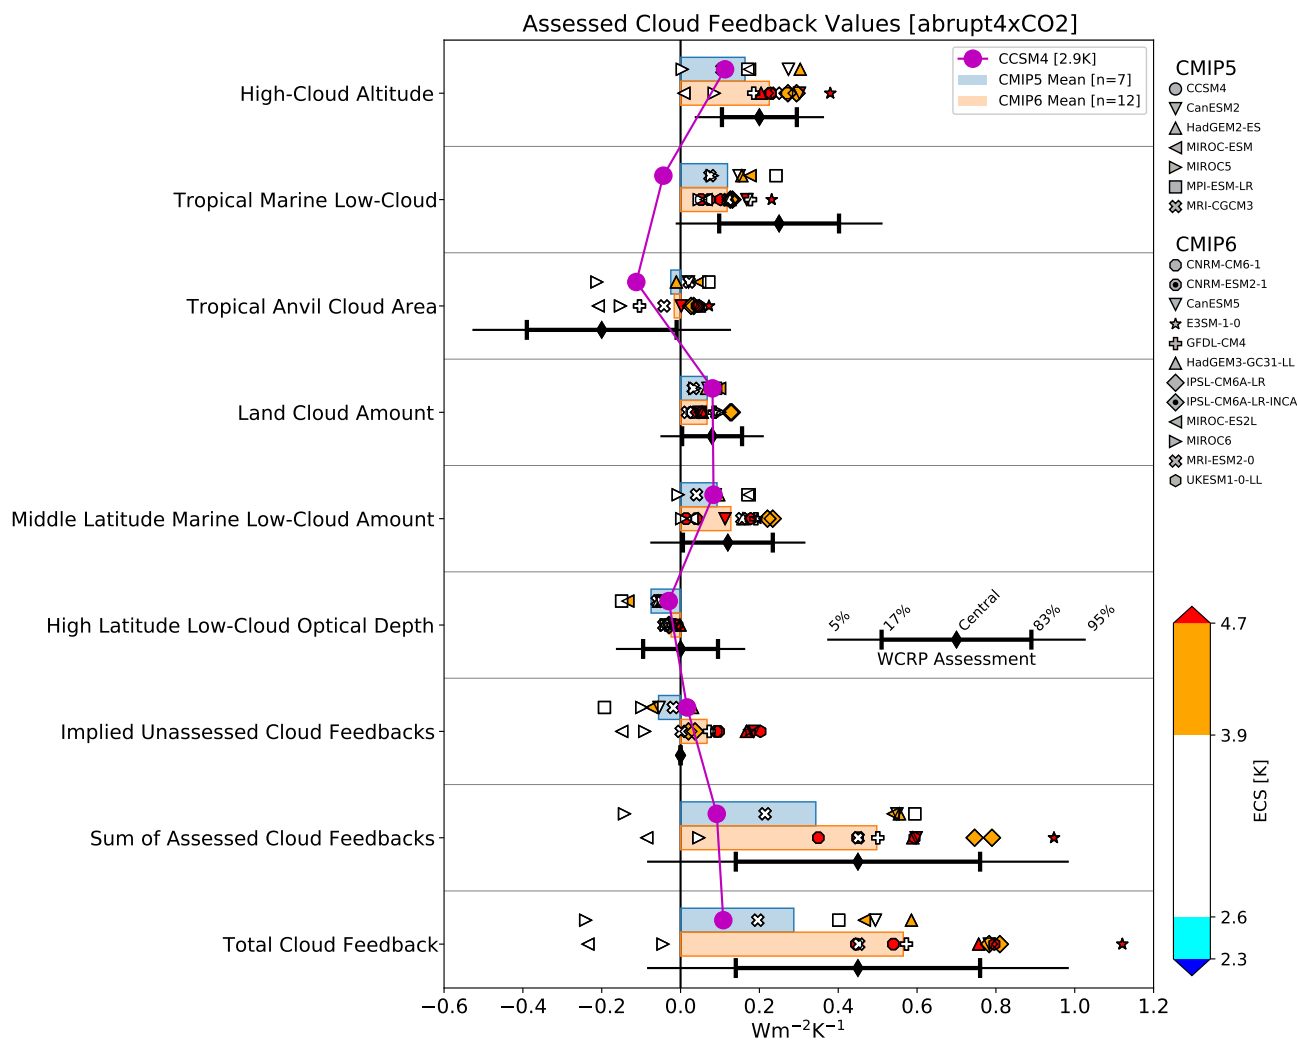

Figure S1. As in Figure 1, but highlighting CCSM4.

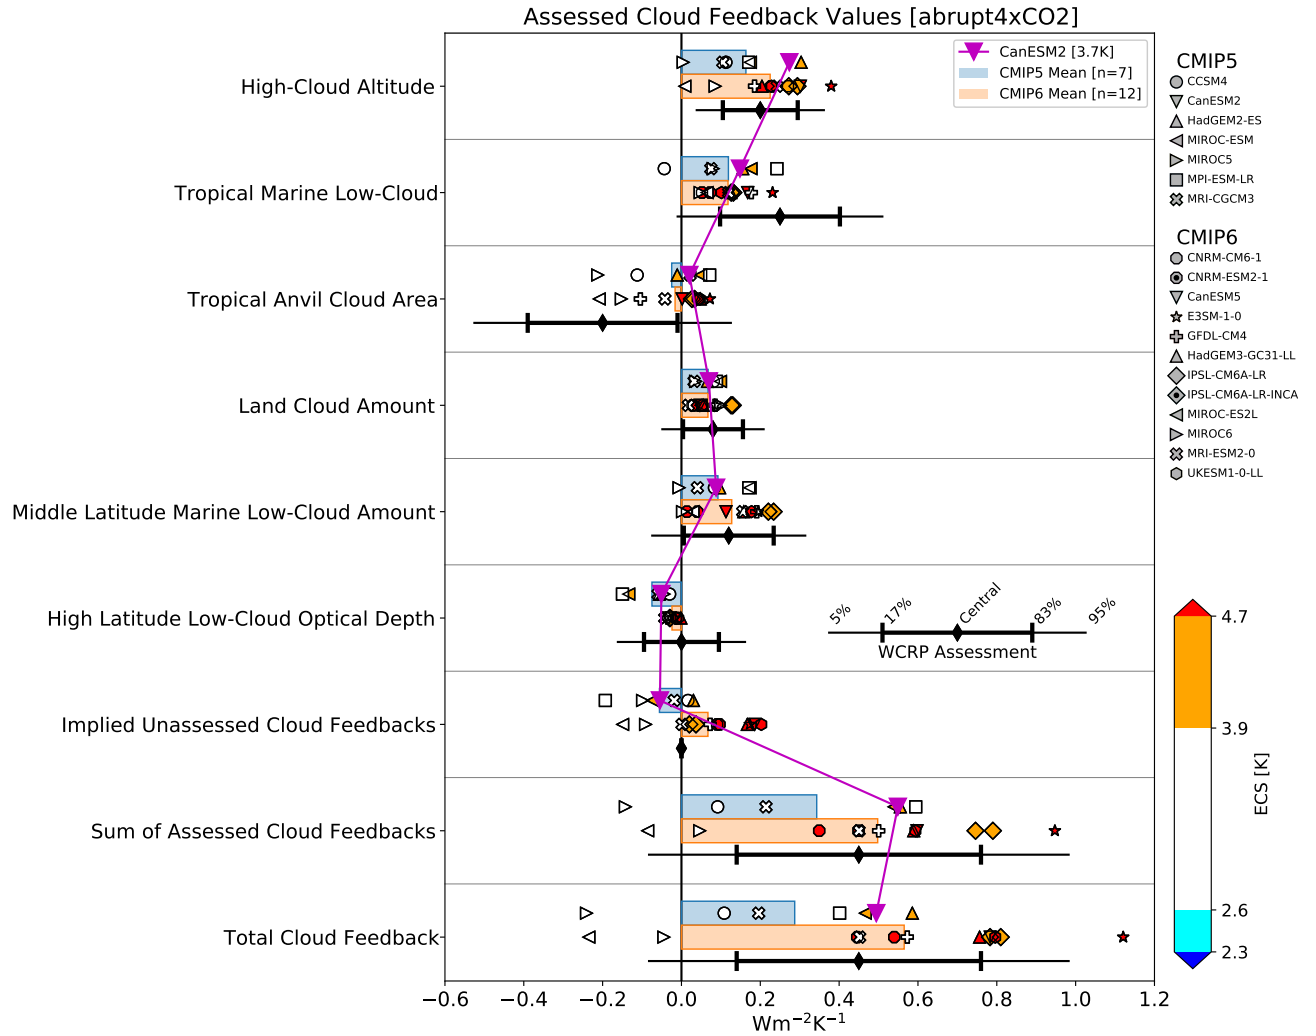

Figure S2. As in Figure 1, but highlighting CanESM2.

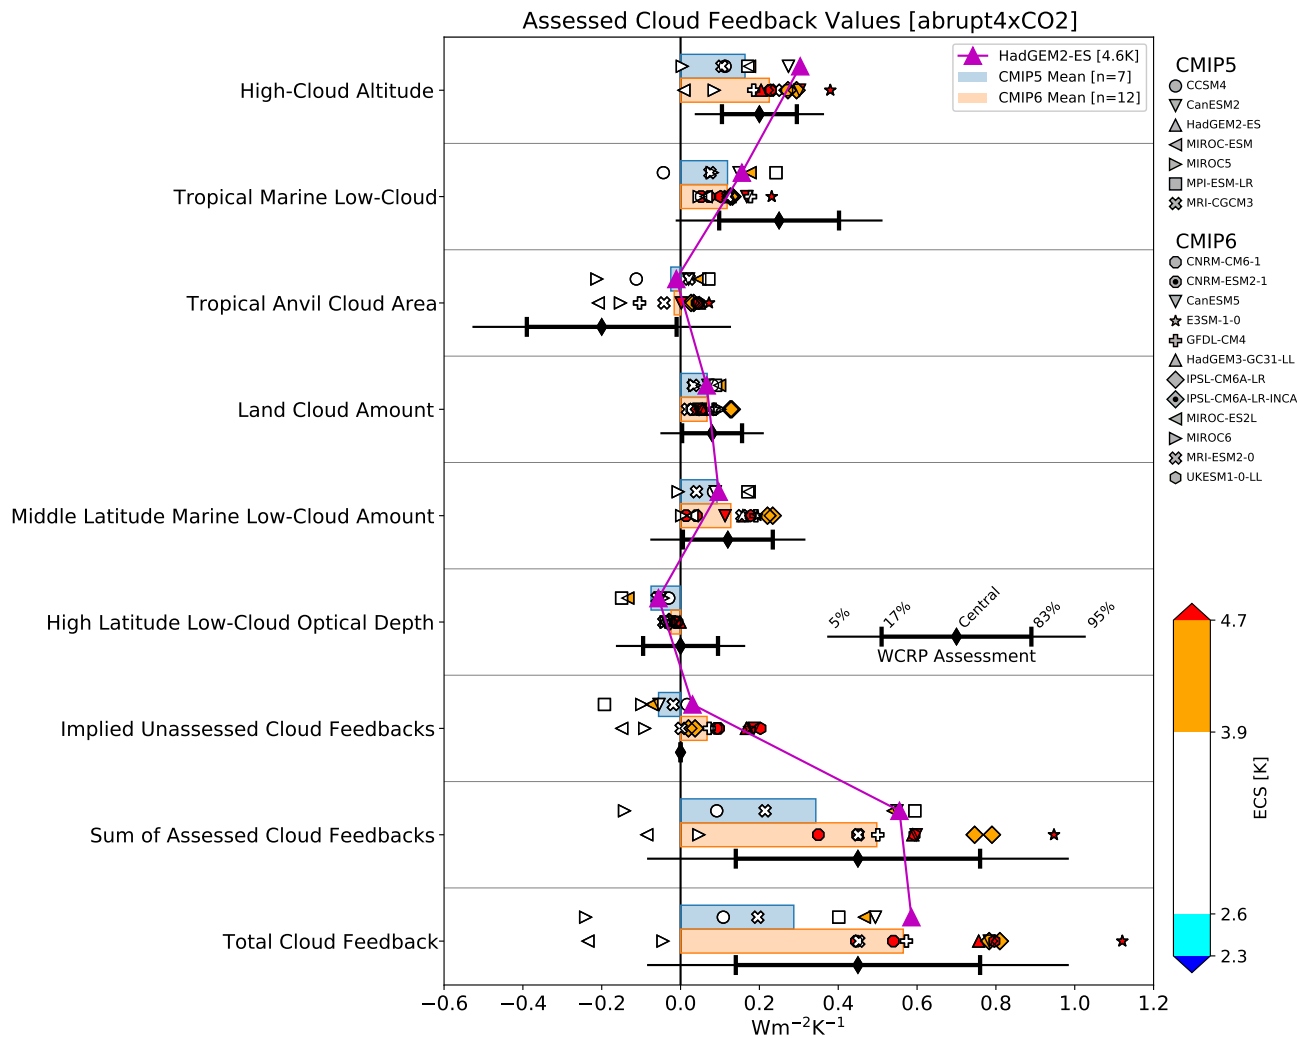

Figure S3. As in Figure 1, but highlighting HadGEM2-ES.

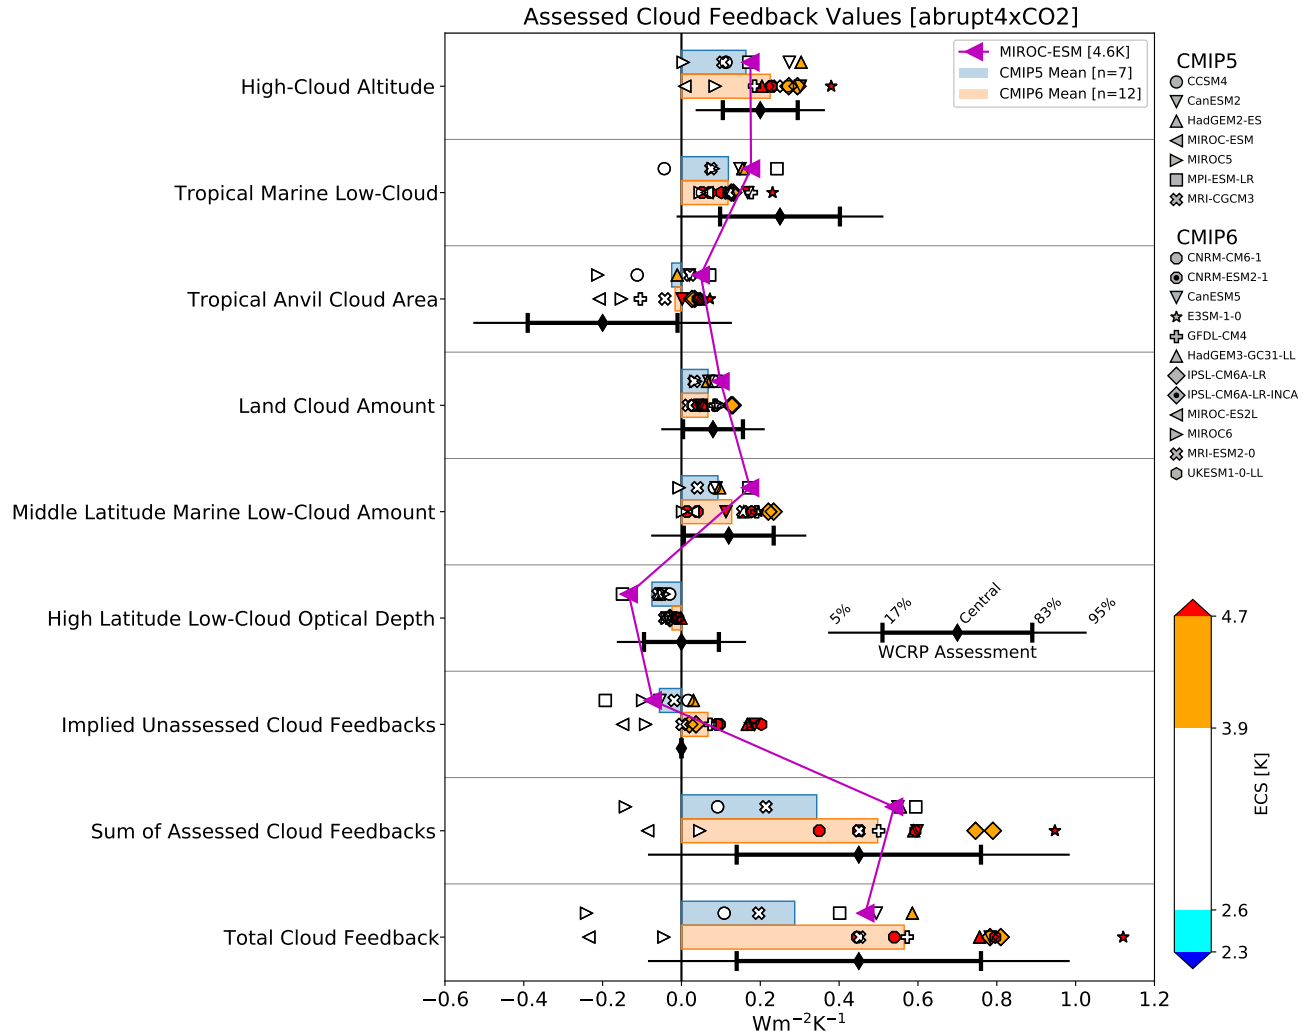

Figure S4. As in Figure 1, but highlighting MIROC-ESM.

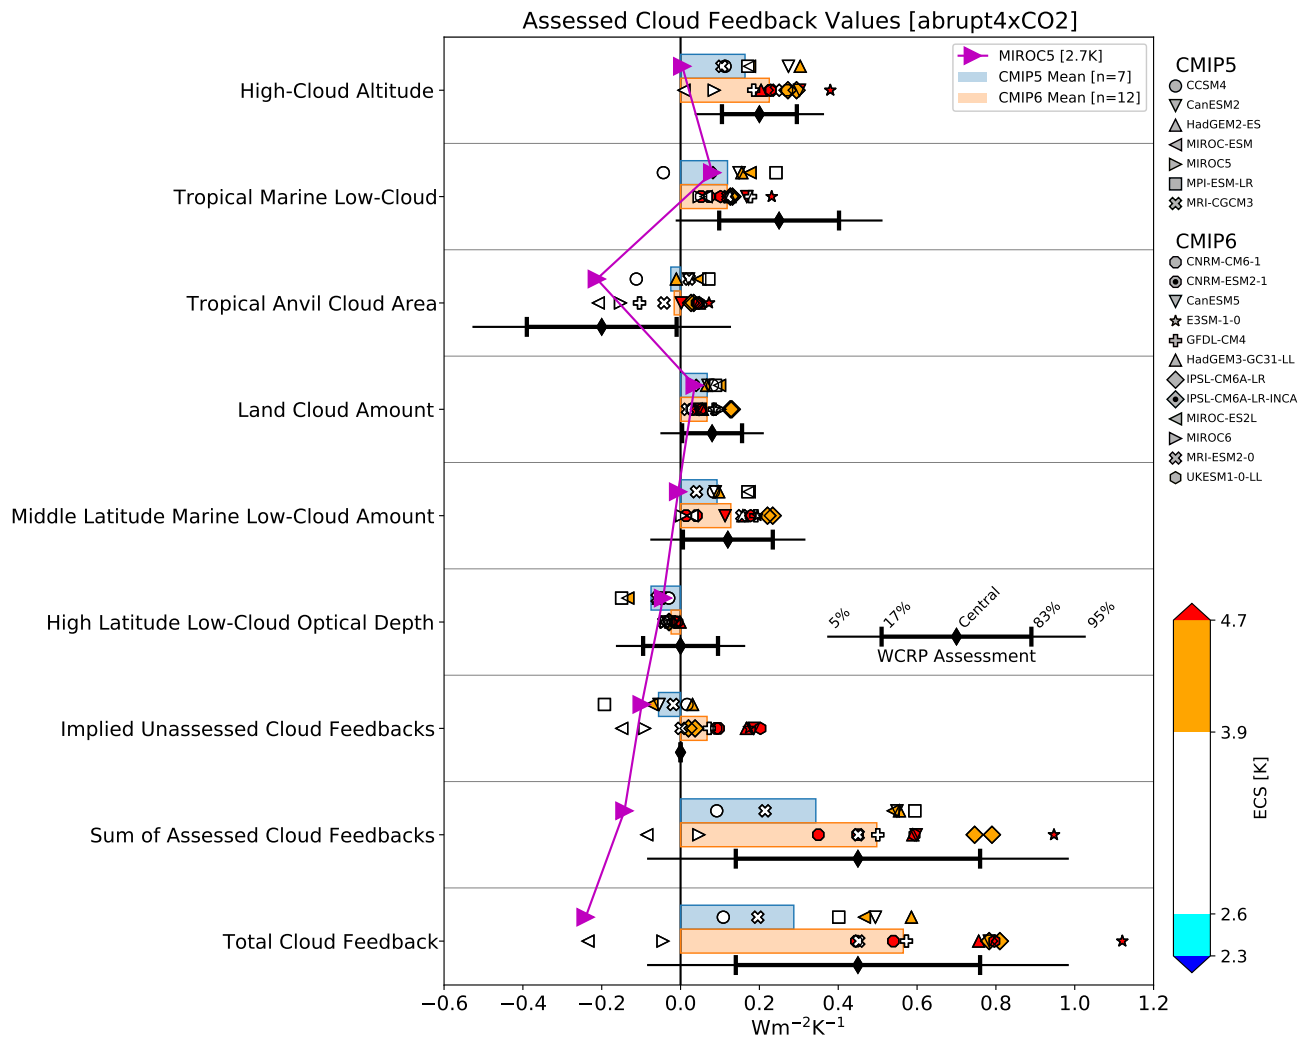

Figure S5. As in Figure 1, but highlighting MIROC5.

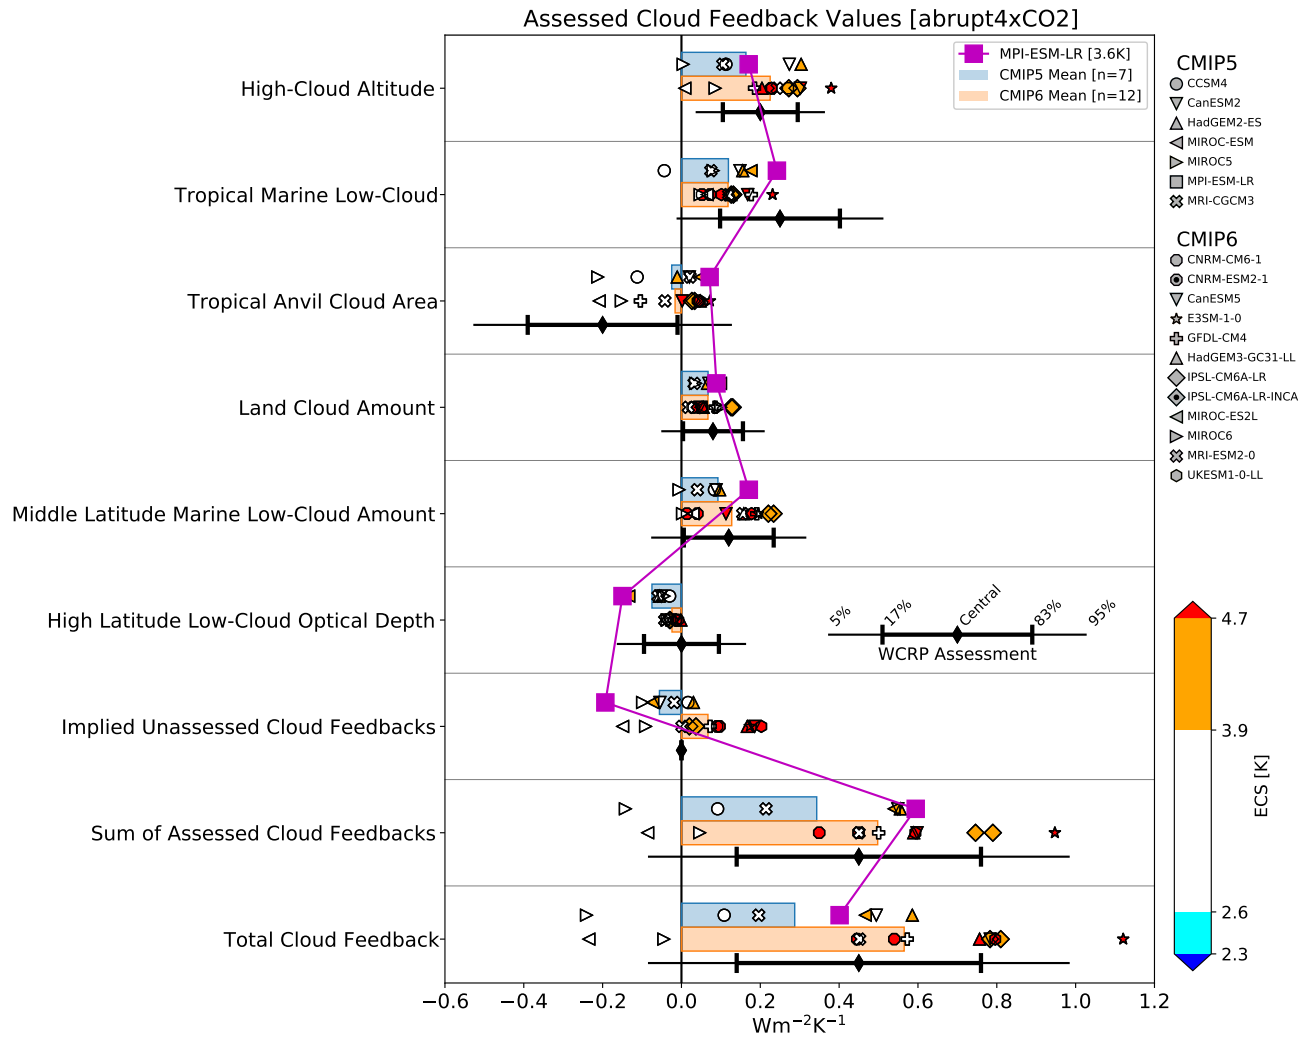

Figure S6. As in Figure 1, but highlighting MPI-ESM-LR.

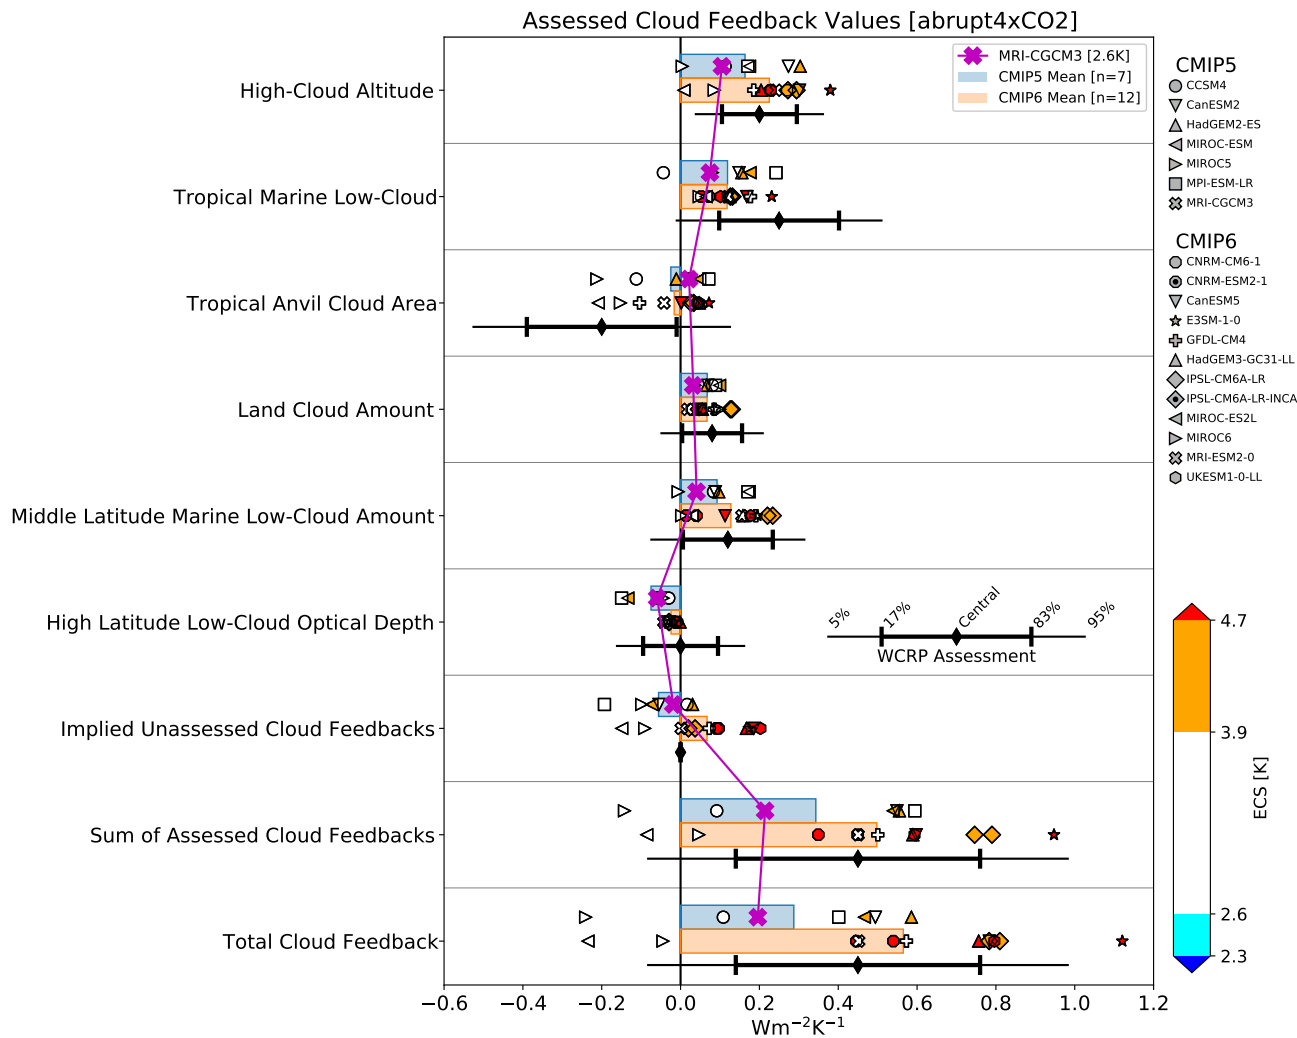

Figure S7. As in Figure 1, but highlighting MRI-CGCM3.

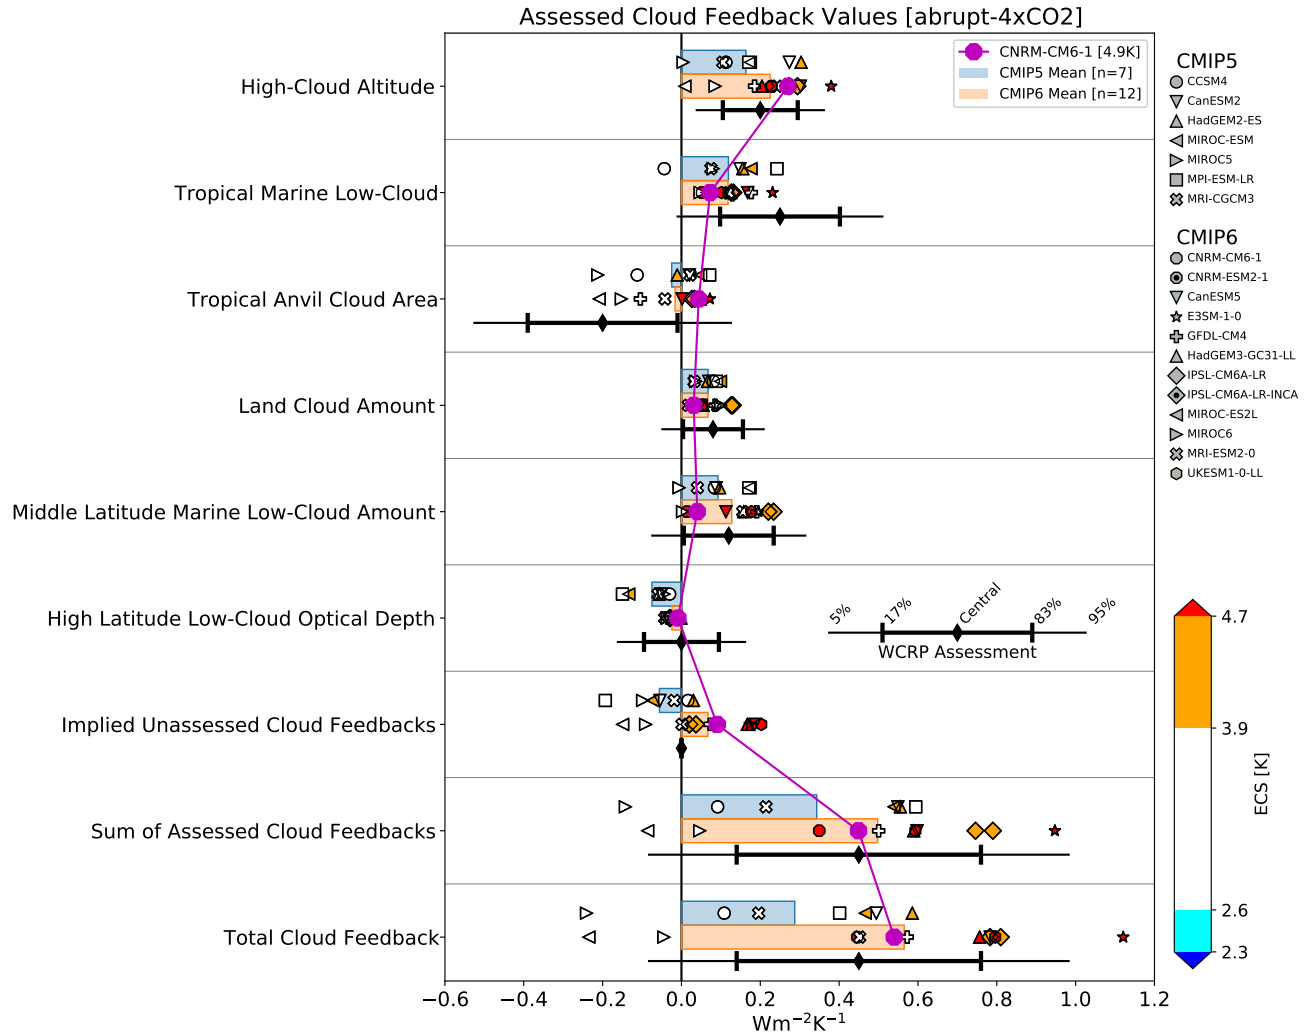

Figure S8. As in Figure 1, but highlighting CNRM-CM6-1.

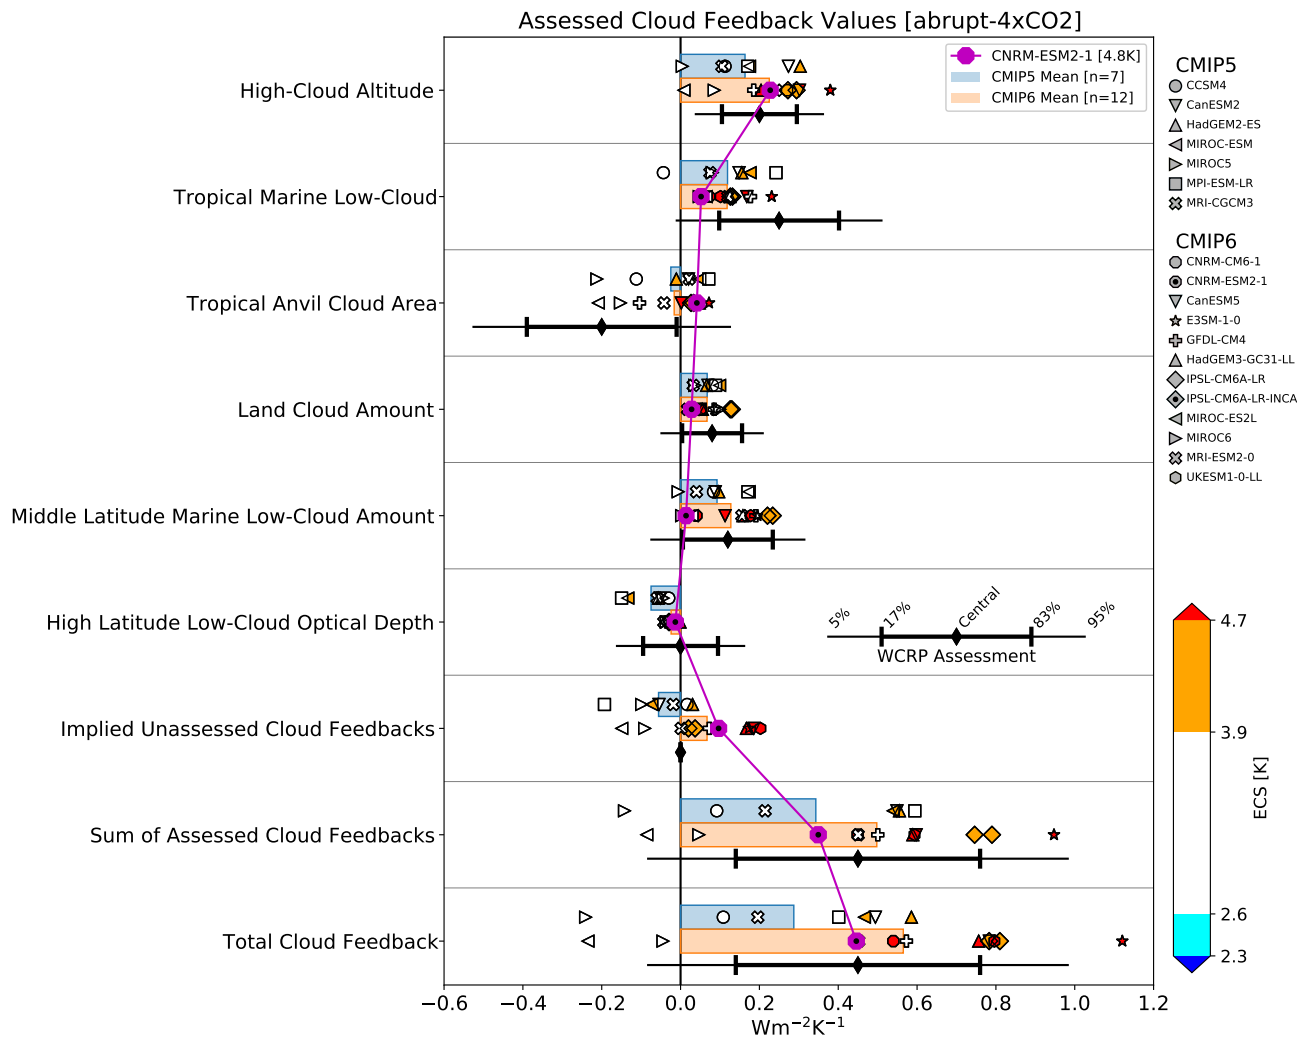

Figure S9. As in Figure 1, but highlighting CNRM-ESM2-1.

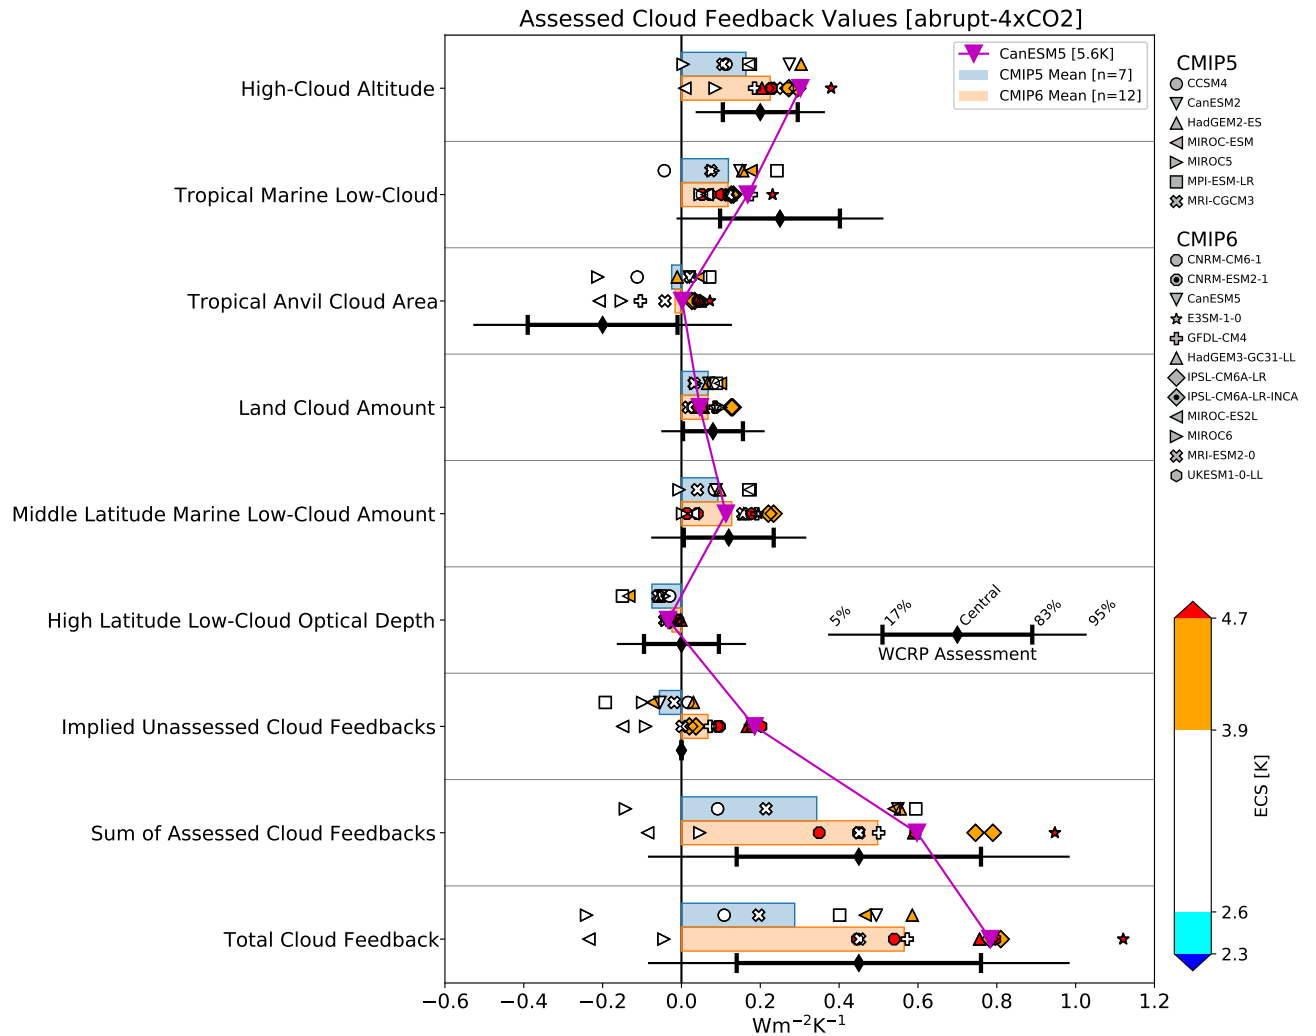

Figure S10. As in Figure 1, but highlighting CanESM5.

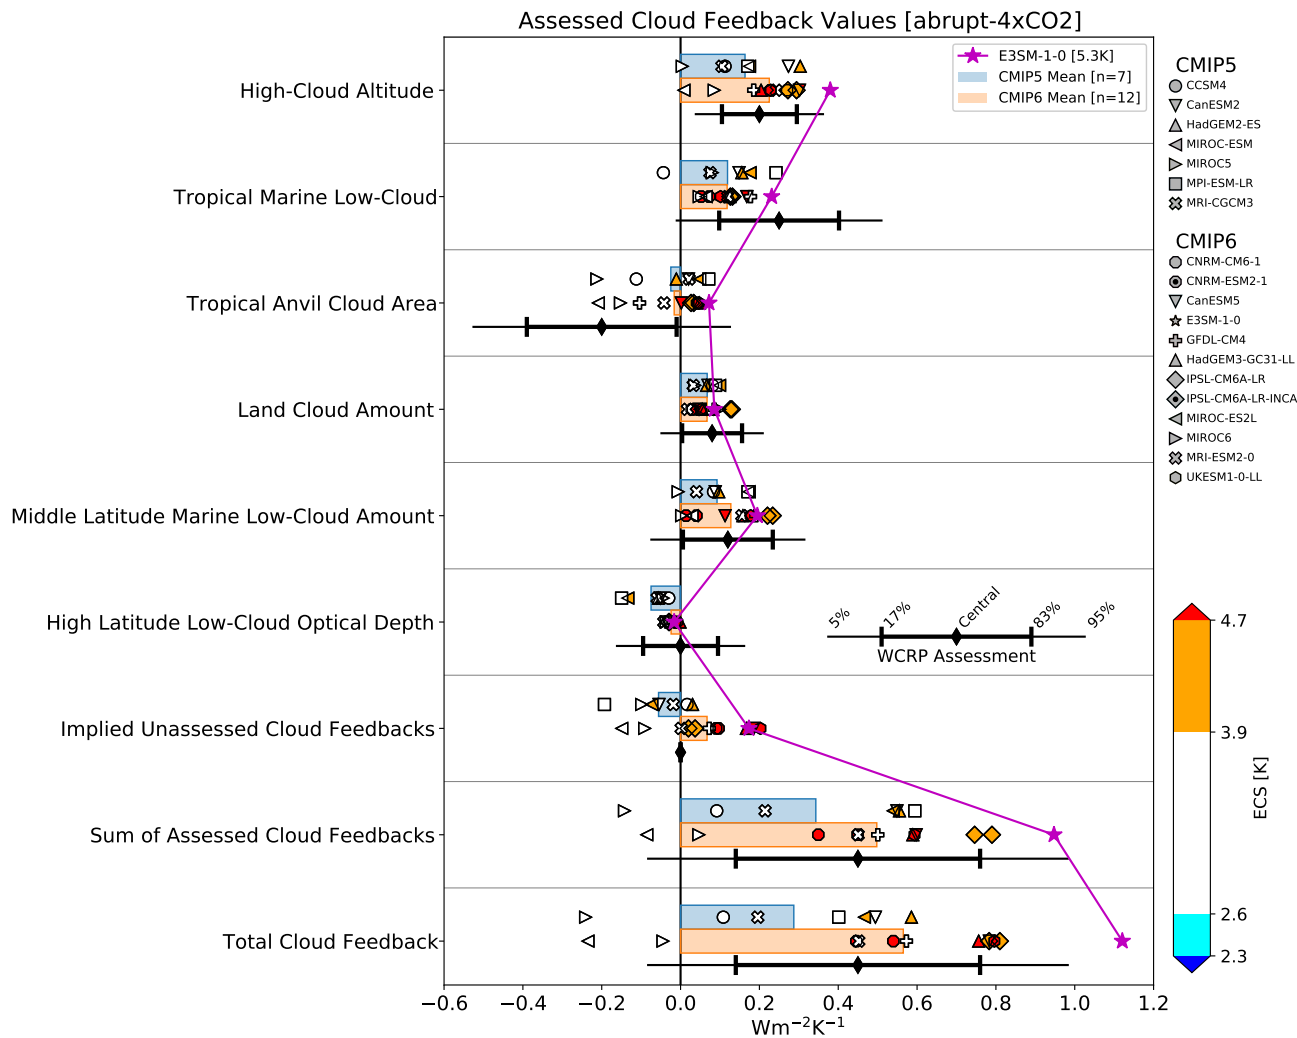

Figure S11. As in Figure 1, but highlighting E3SM-1-0.

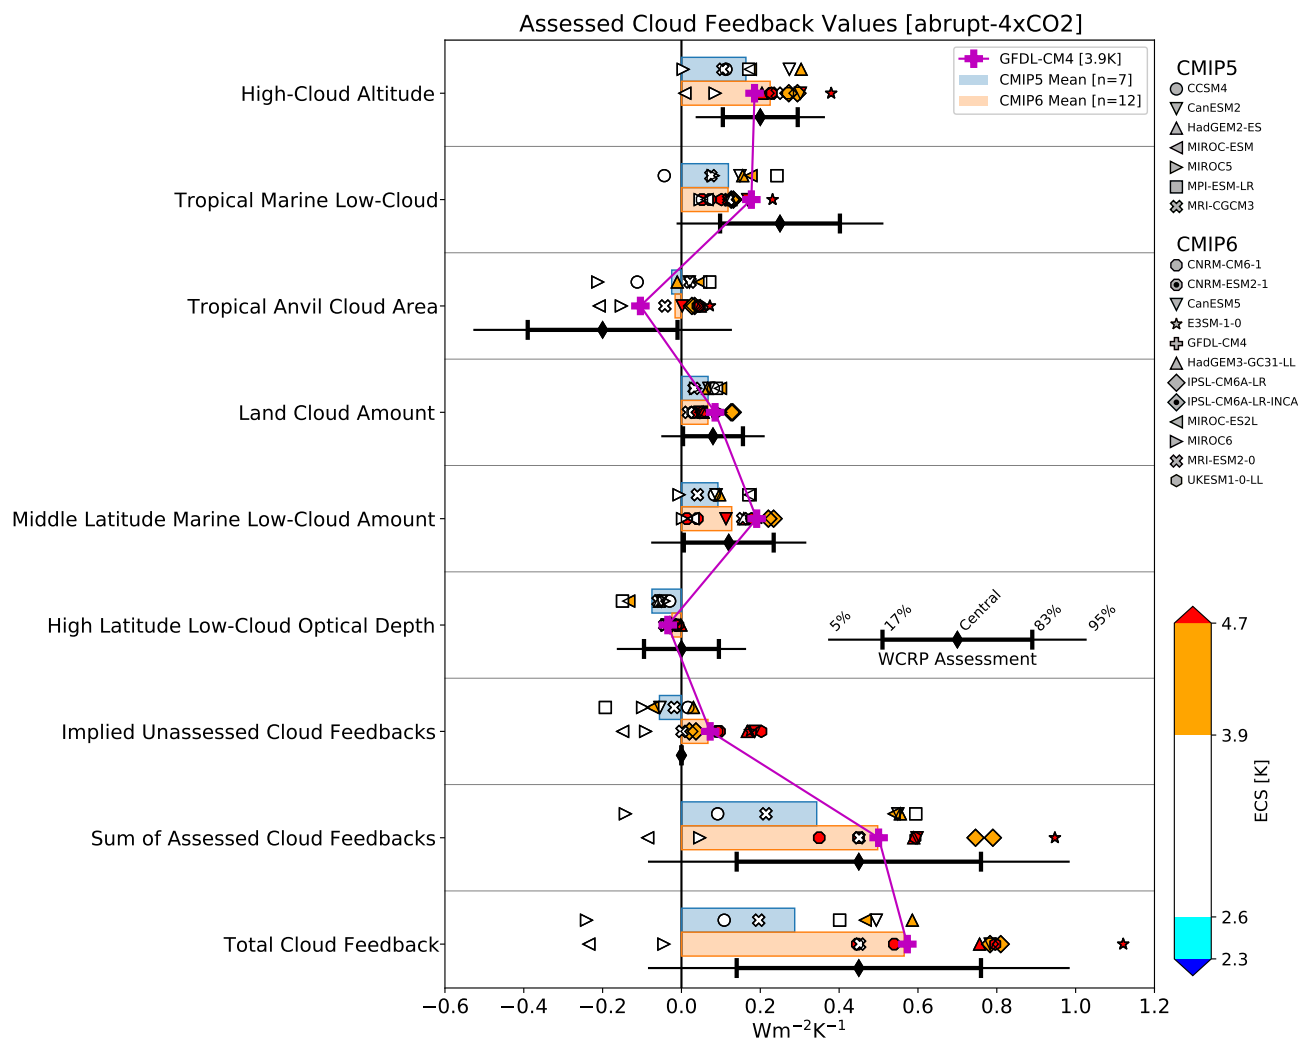

Figure S12. As in Figure 1, but highlighting GFDL-CM4.

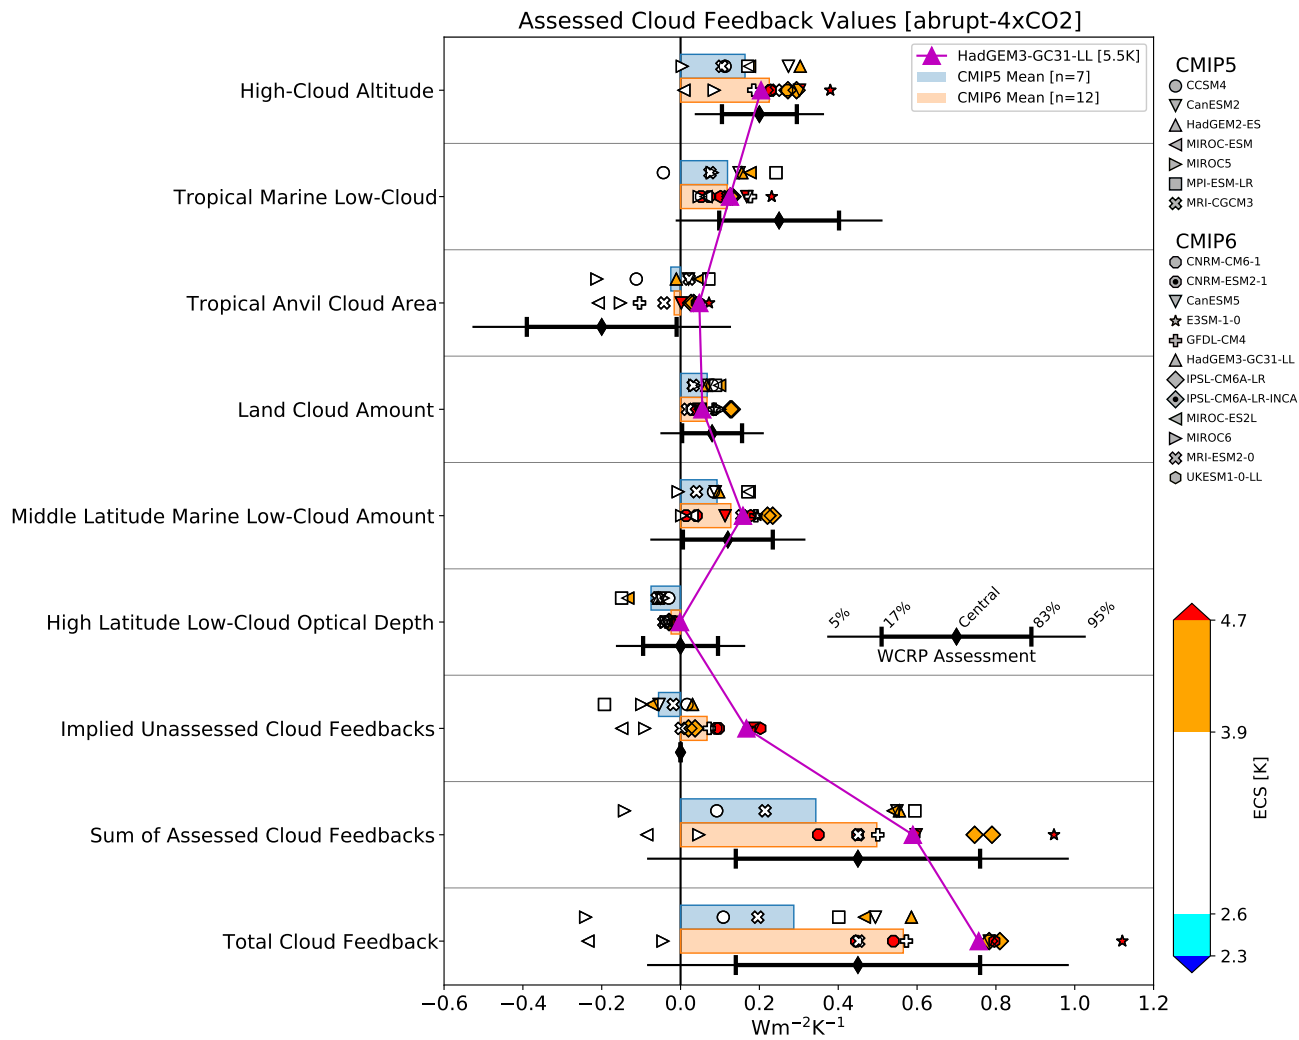

Figure S13. As in Figure 1, but highlighting HadGEM3-GC31-LL.

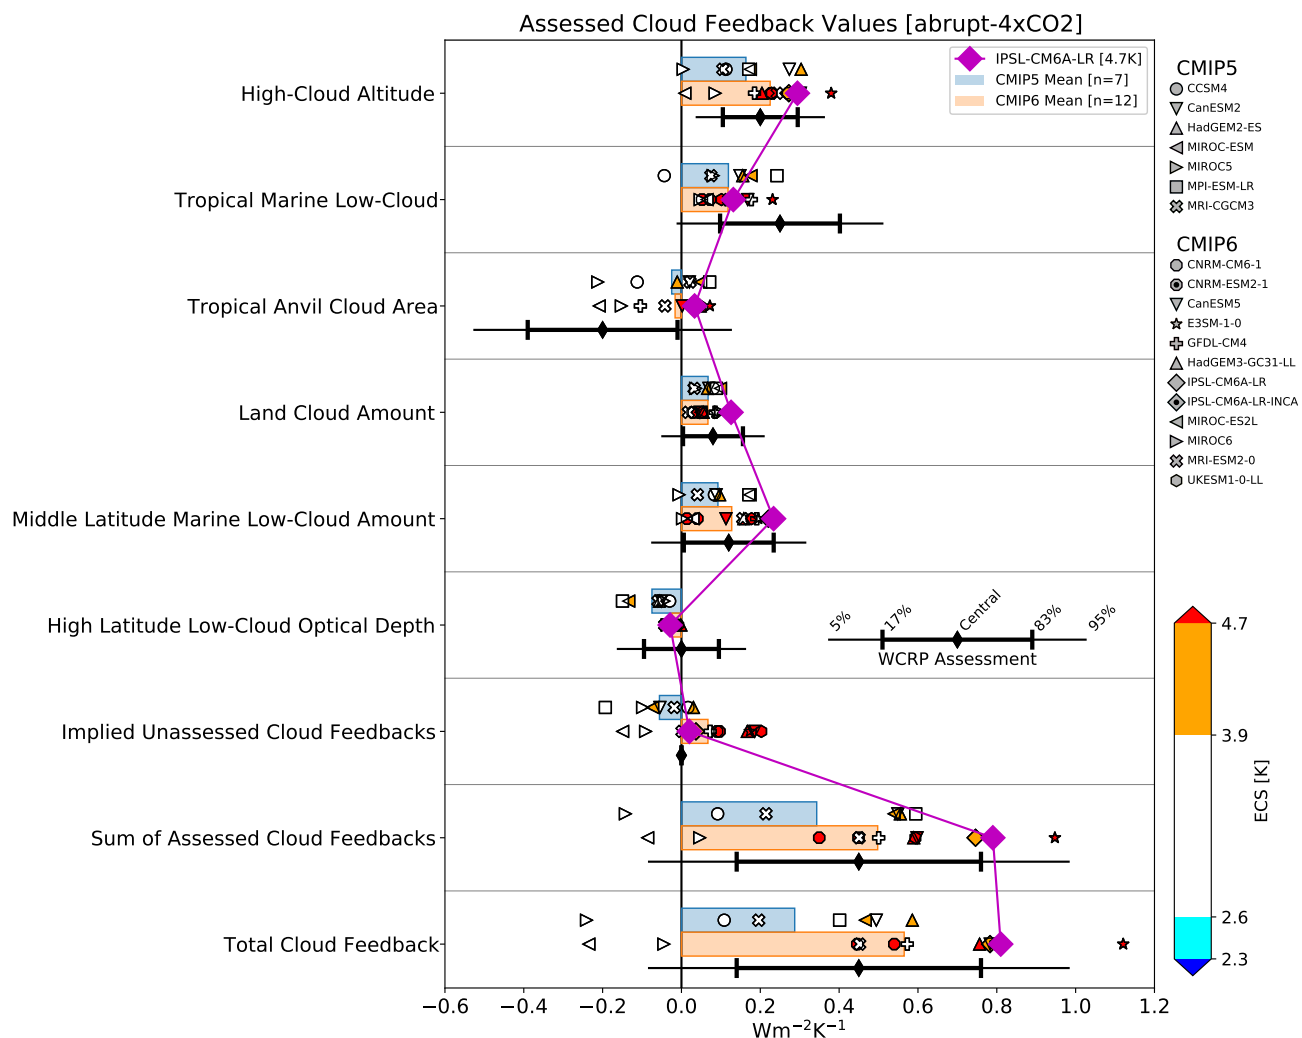

Figure S14. As in Figure 1, but highlighting IPSL-CM6A-LR.

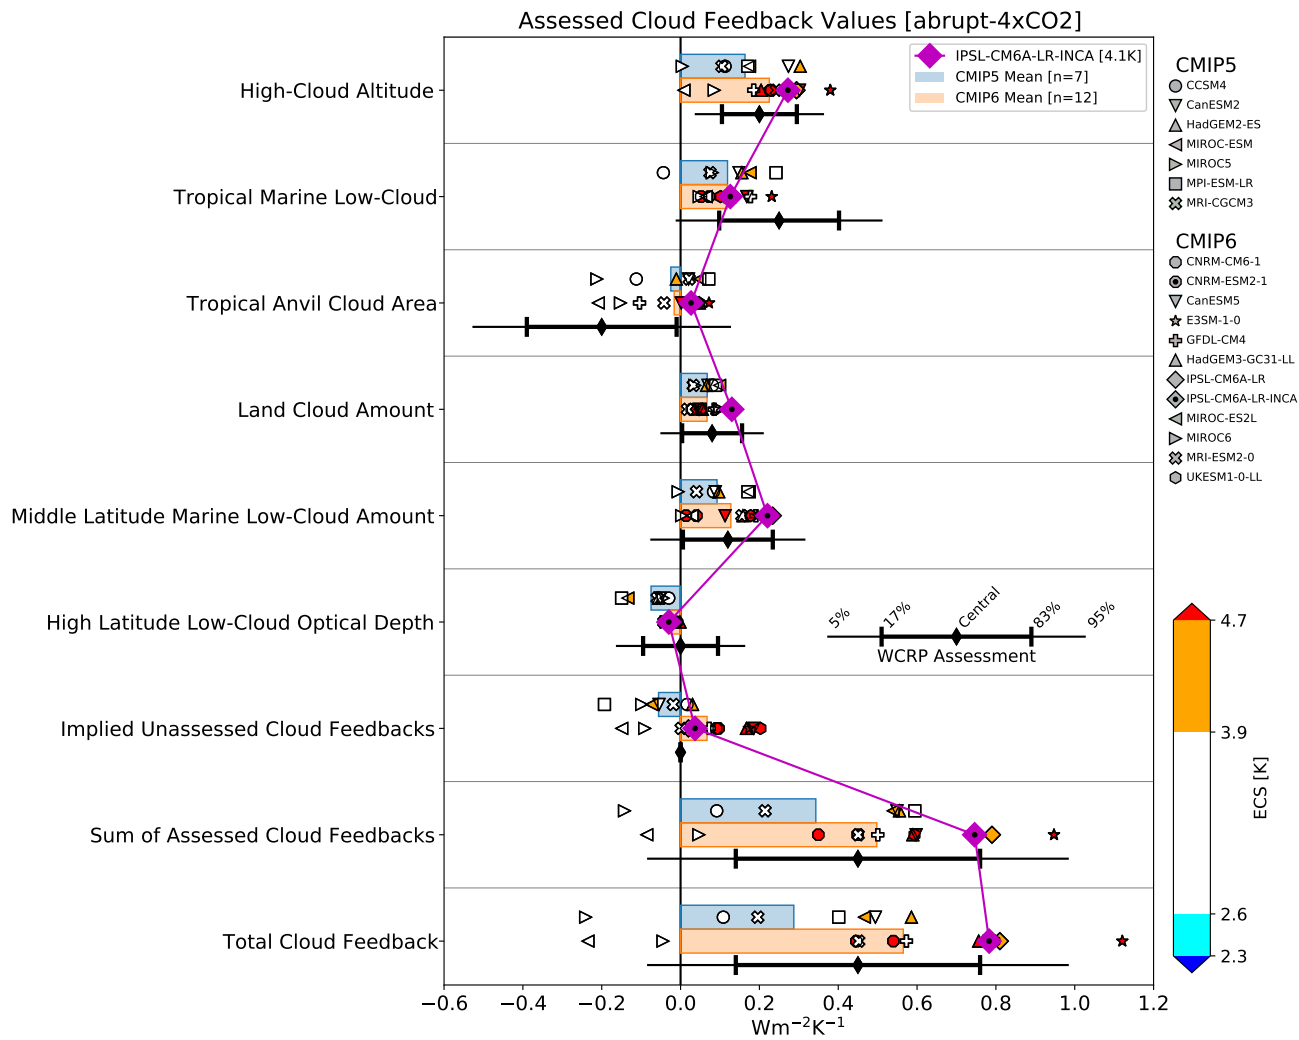

Figure S15. As in Figure 1, but highlighting IPSL-CM6A-LR-INCA.

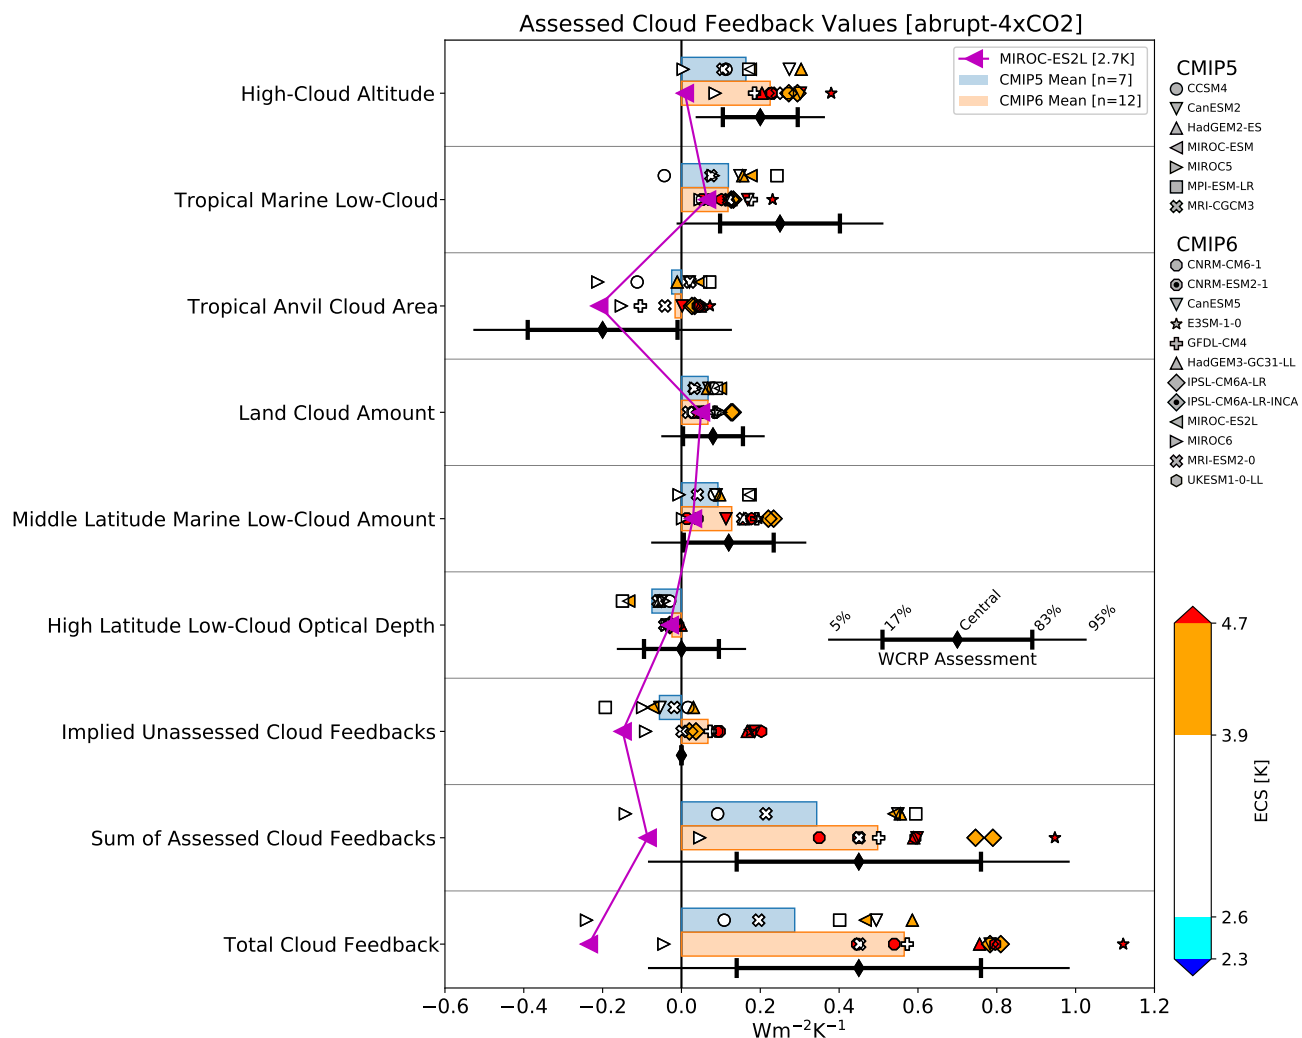

Figure S16. As in Figure 1, but highlighting MIROC-ES2L.

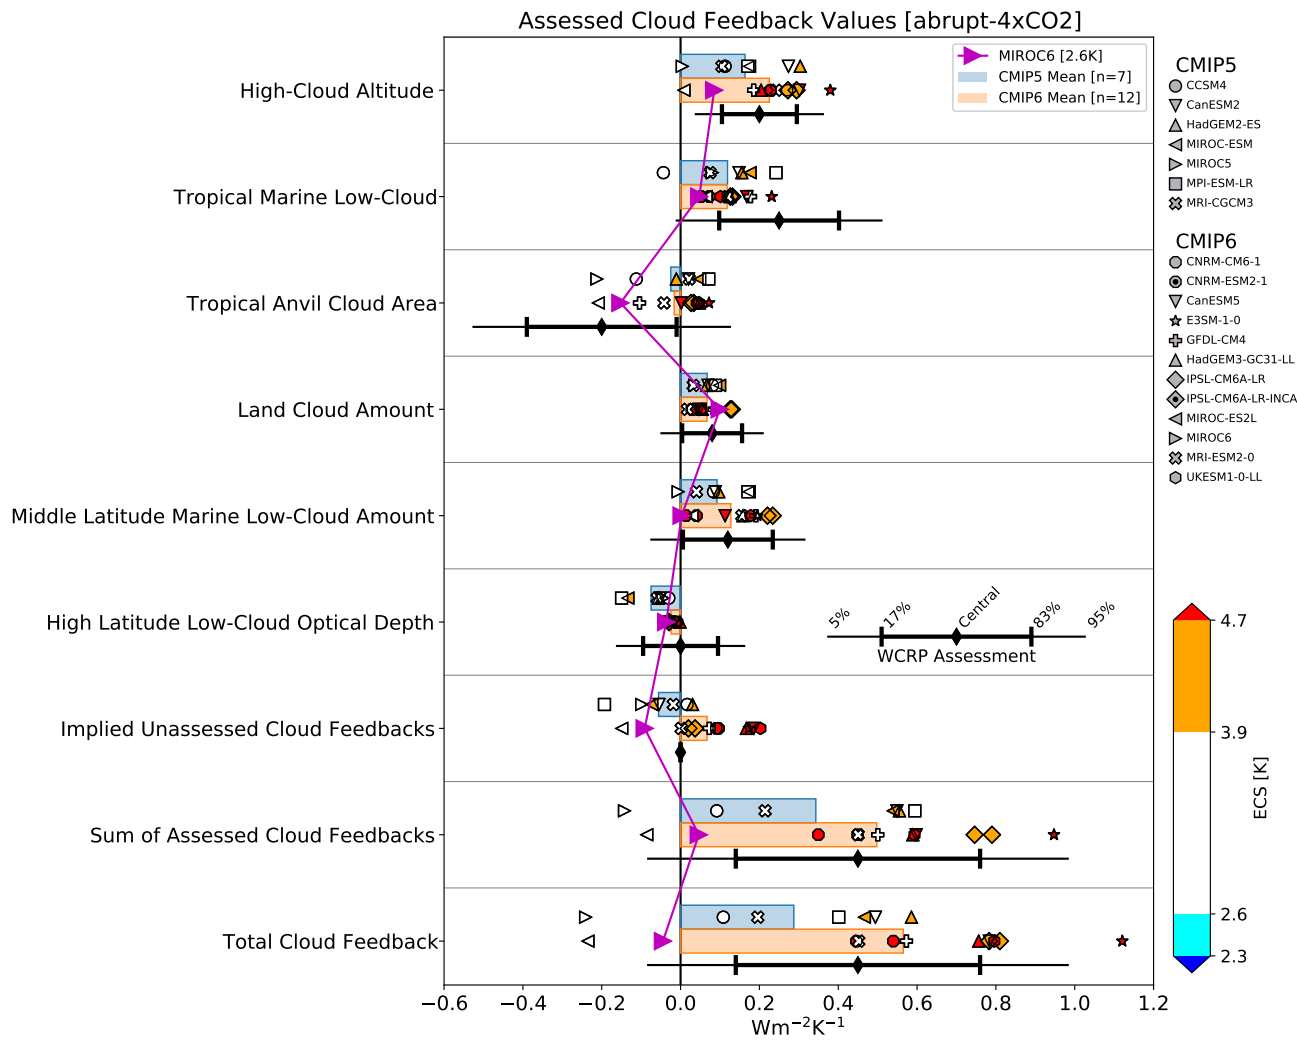

Figure S17. As in Figure 1, but highlighting MIROC6.

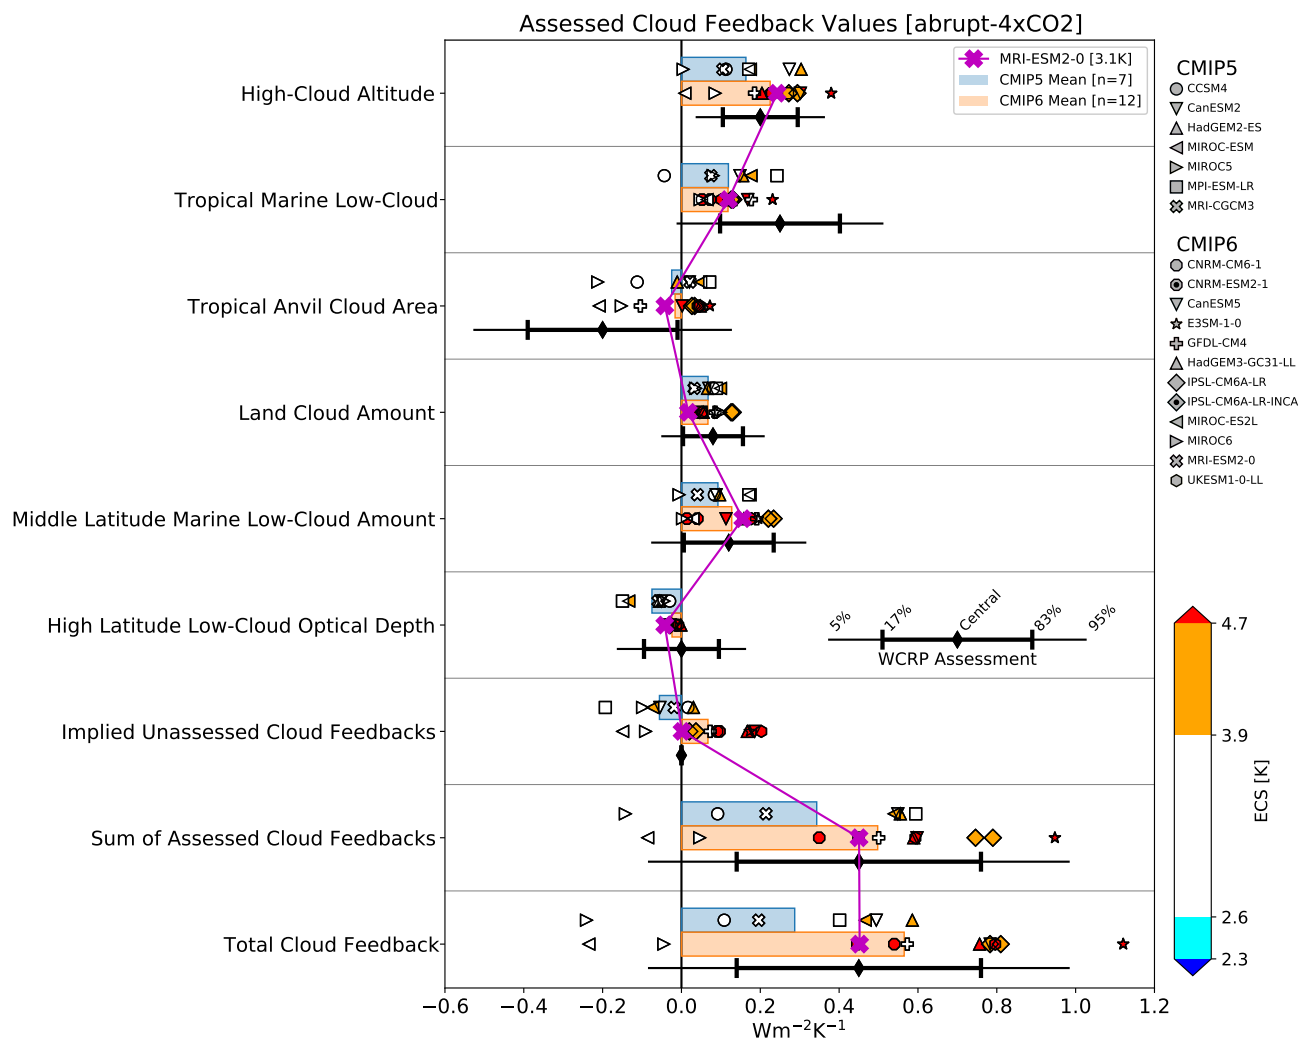

Figure S18. As in Figure 1, but highlighting MRI-ESM2-0.

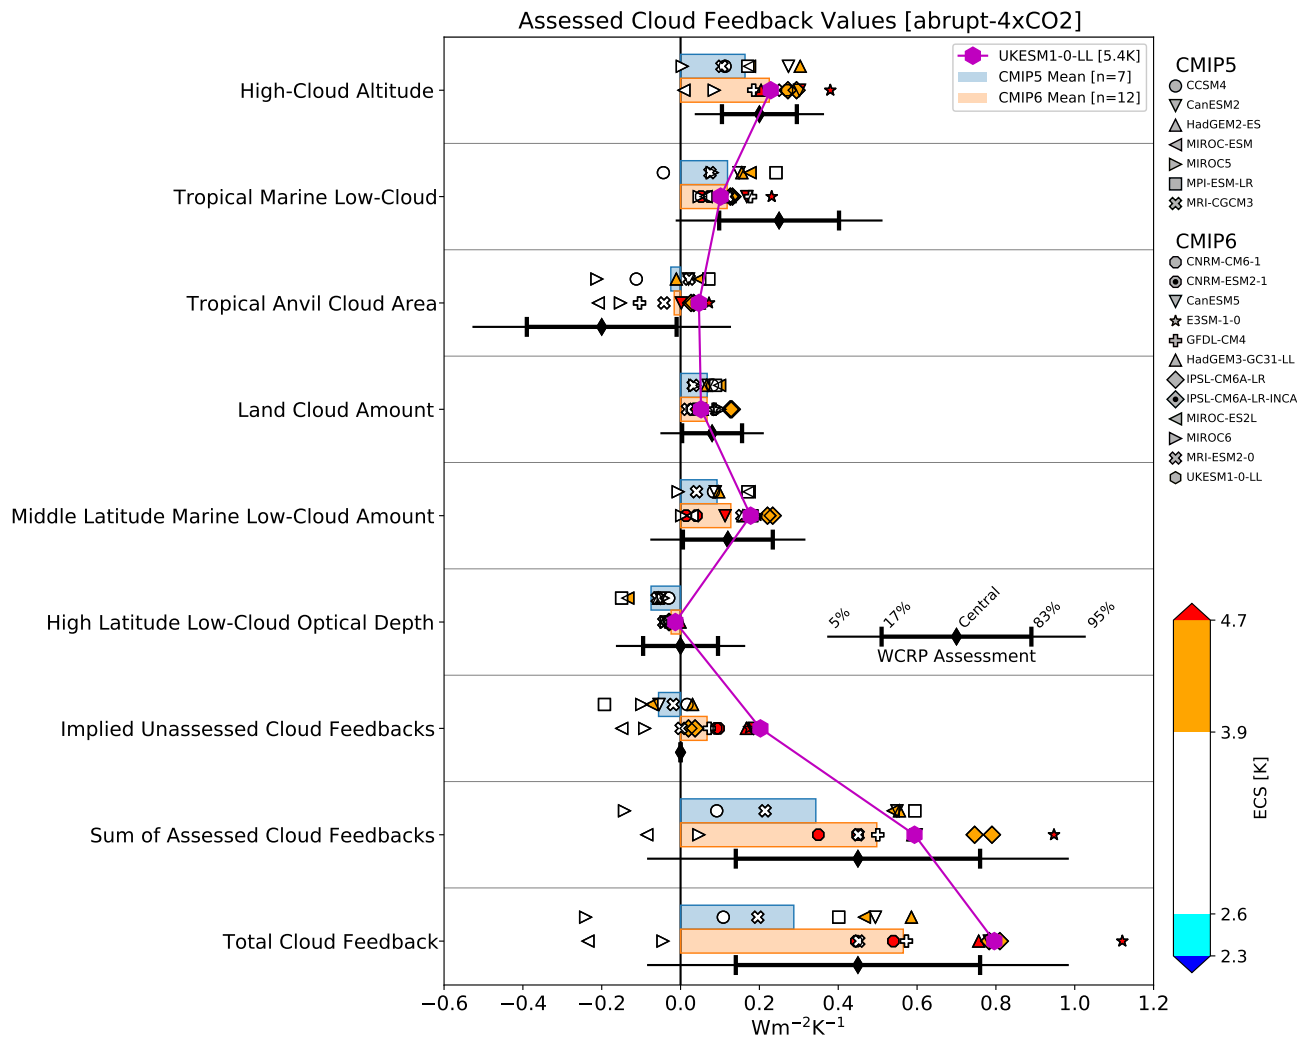

Figure S19. As in Figure 1, but highlighting UKESM1-0-LL.
